2. By adding the following eight new sections to this part:

PROCEDURE FOR DETERMINING WHEN ALIEN IS RESIDING IN THE UNITED STATES

§ 611.21 *What aliens may apply for a determination.* (a) Within the time specified in paragraph (b) of this section, a nondeclarant alien who has entered or hereafter enters the United States in a manner prescribed by its laws may file with his local board (if he is registered) or with the local board where he is at the time located (if he is not registered) an Alien's Application for Determination of Residence (Form 302), requesting that the local board determine whether he is "a male person residing in the United States" within the meaning of section 2 and section 3 of the Selective Training and Service Act of 1940, as amended. An Alien's Personal History and Statement (Form 304) must be filed with such application.

(b) An Alien's Application for Determination of Residence (Form 302) must be filed within the following time:

(1) If a nondeclarant alien has entered the United States prior to February 16, 1942, in a manner prescribed by the laws of the United States and desires to have a determination made under the provisions of paragraph (a) of this section, he must file such application on or before May 16, 1942; or

(2) If a nondeclarant alien enters the United States on or after February 16, 1942, in a manner prescribed by the laws

of the United States and desires to have a determination made under the provisions of paragraph (a) of this section, he must file such application within 3 months after the date of his entrance into the United States.*

*Issued under the authority contained in 54 Stat. 885; 50 U.S.C. Sup. 301-318, incl.; E.O. 8545, 5 F.R. 3779.

§ 611.22 *Determination by local board.* (a) As soon as possible after an alien who is entitled to do so files with the local board an Alien's Application for Determination of Residence (Form 302), together with an Alien's Personal History and Statement (Form 304), the local board shall determine whether such alien is "a male person residing in the United States" within the meaning of section 2 and section 3 of the Selective Training and Service Act of 1940, as amended.

(b) If the local board determines that such alien is "a male person residing in the United States" within the meaning of section 2 and section 3 of the Selective Training and Service Act of 1940, as amended, it shall mail to such alien a Notice of Determination of Alien's Residence (Form 305).

(c) If the local board determines that such alien is not "a male person residing in the United States" within the meaning of section 2 or section 3 of the Selective Training and Service Act of 1940, as amended, it shall also determine the period of time such alien may continue to remain in the United States without becoming "a male person residing in the United States," and the last day of any period thus determined shall be known as the expiration date.

(d) When the determination referred to in paragraph (c) of this section has been made by the local board, it shall (1) prepare an Alien's Certificate of Nonresidence (Form 303), recording thereon the expiration date; (2) notify the alien to report to the office of the local board; and (3) require the alien, when he reports, to sign the Alien's Certificate of Nonresidence (Form 303) in the presence of a member or the clerk of the local board. The member or the clerk of the local board in whose presence the alien signs the Alien's Certificate of Nonresidence (Form 303) shall then sign the certificate on behalf of the local board and shall deliver the certificate to the alien. If the alien has registered, he shall be required to surrender his Registration Certificate (Form 2) to the local board before such member or clerk delivers the Alien's Certificate of Nonresidence (Form 303) to him. If the alien has registered and delivers his Registration Certificate (Form 2) to the local board, such Registration Certificate (Form 2) and the Registration Card (Form 1) for the alien shall be canceled by marking across the faces thereof the words "Canceled—Nonresident Alien," and each such canceled Registration Certificate (Form 2) and such canceled Registration Card (Form 1) shall be retained in the files of the local board.*

§ 611.23 *Appeal to Director of Selective Service from local board's determi-*

nation. (a) At any time within 10 days after the local board mails to an alien a Notice of Determination of Alien's Residence (Form 305), such alien may appeal to the Director of Selective Service from the determination of the local board that he is "a male person residing in the United States" within the meaning of section 2 and section 3 of the Selective Training and Service Act of 1940, as amended. Such appeal may be taken by such alien by filing a signed written statement that he appeals from such determination or by signing and filing the statement of appeal on the Notice of Determination of Alien's Residence (Form 305). When such an appeal is filed by the alien, he may, at the same time, file such additional information as he wishes to call to the attention of the Director of Selective Service.

(b) The Director of Selective Service or the State Director of Selective Service may appeal to the Director of Selective Service at any time from any determination of the local board made under the provisions of § 611.22. Either the Director of Selective Service or the State Director of Selective Service may take such an appeal by filing with the local board a written statement that he appeals.

(c) When an appeal from a determination made by the local board under the provisions of § 611.22 is taken, the local board shall transmit the entire file of the alien, through the State Director of Selective Service, to the Director of Selective Service, retaining in its records only a copy of the letter of transmittal listing the items contained in the file which is forwarded.*

§ 611.24 *Determination by Director of Selective Service.* When an appeal has been taken under the provisions of § 611.23, the Director of Selective Service, upon receiving the file, shall determine whether the alien is "a male person residing in the United States" within the meaning of section 2 and section 3 of the Selective Training and Service Act of 1940, as amended. If he determines that the alien is not such "a male person residing in the United States," he shall also determine the period of time the alien may continue to remain in the United States without becoming such "a male person residing in the United States," and the last day of any period thus determined shall be known as the expiration date. He shall enter a record of each of his determinations upon the Alien's Application for Determination of Residence (Form 302) and return the file, through the State Director of Selective Service, to the local board.*

§ 611.25 *Action of local board following determination by Director of Selective Service.* (a) Immediately upon receipt of the file containing the determination made by the Director of Selective Service under the provisions of § 611.24, the local board shall:

(1) Prepare and mail to the alien a Notice of Determination of Alien's Residence (Form 305) if the Director of Selective Service has determined that such alien is "a male person residing in the United States" within the meaning of

¹ 6 F.R. 6841; 7 F.R. 855.

section 2 and section 3 of the Selective Training and Service Act of 1940, as amended; or

(2) Prepare and deliver to the alien, in the manner prescribed in paragraph (d) of § 611.22, an Alien's Certificate of Nonresidence (Form 303) if the Director of Selective Service has determined that such alien is not "a male person residing in the United States" within the meaning of section 2 or section 3 of the Selective Training and Service Act of 1940, as amended.*

§ 611.26 *Alien's second or subsequent application for determination.* (a) Any alien who has received an Alien's Certificate of Nonresidence (Form 303) under the provisions of § 611.22 or § 611.25 may again file with the local board issuing such certificate at any time before the expiration date of such certificate a new Alien's Application for Determination of Residence (Form 302), together with any information not previously presented to such local board which he believes will assist the local board to determine his status.

(b) The local board, upon receiving such a second or subsequent Alien's Application for Determination of Residence (Form 302), shall consider whether, in the light of all the facts then before it, such alien has in fact become "a male person residing in the United States" within the meaning of section 2 and section 3 of the Selective Training and Service Act of 1940, as amended. If it is determined that such alien has not become such "a male person residing in the United States," the local board shall also determine the period of time that such alien may thereafter remain in the United States without becoming such "a male person residing in the United States," and the last day of such period shall become the new expiration date.

(c) The determination of the local board upon such second or subsequent Alien's Application for Determination of Residence (Form 302) shall be subject to the same rights of appeal to the Director of Selective Service as a determination by the local board upon an original application. (See § 611.23.)

(d) When a local board makes a determination upon such a second or subsequent Alien's Application for Determination of Residence (Form 302), it shall take the same steps as it takes following an original determination upon such an application. (See § 611.22.) When an appeal is taken from a determination by a local board on such a second or subsequent Alien's Application for Determination of Residence (Form 302) and the Director of Selective Service makes a determination thereon, the local board shall take the same steps as it takes following an original determination on appeal, as provided in § 611.25.*

§ 611.27 *Effect of pending application.* When an alien is entitled to and does file an Alien's Application for Determination of Residence (Form 302), he is not required to present himself for and submit to registration during the period when such application is being considered by the local board; during

the period within which an appeal may be taken from the determination of the local board to the Director of Selective Service; or, if an appeal is taken, during the period the Director of Selective Service is considering the appeal.*

§ 611.28 *Effect of determination.* (a) Every alien who is entitled to and does file an Alien's Application for Determination of Residence (Form 302) shall be "a male person residing in the United States" within the meaning of section 2 and section 3 of the Selective Training and Service Act of 1940, as amended, when:

(1) The local board has determined that he is such "a male person residing in the United States" and he does not take an appeal to the Director of Selective Service from such determination within the 10-day period in which he is permitted to do so.

(2) The Director of Selective Service has determined that he is such "a male person residing in the United States."

(3) Either the local board or the Director of Selective Service has determined that he is not such "a male person residing in the United States" and he remains in the United States after the expiration date: *Provided*, That when such alien files a second or subsequent Alien's Application for Determination of Residence (Form 302) before the expiration date, he shall not be considered to be such "a male person residing in the United States" either while such second or subsequent application for a determination is pending or during any further period for which a new Alien's Certificate of Nonresidence (Form 303) is issued as a result of the determination thereon.*

3. By adding the following six new sections to this part:

ALIEN'S CERTIFICATE OF NONRESIDENCE

§ 611.31 *Care and custody of certificates.* (a) The Director of Selective Service shall transmit to each State Director of Selective Service an adequate supply of Alien's Certificates of Nonresidence (Form 303). Each State Director of Selective Service shall give a receipt for the exact number of Alien's Certificates of Nonresidence (Form 303) received by him and shall be accountable for such number of certificates.

(b) The State Director of Selective Service shall distribute to the chairman of each local board in his State an adequate supply of Alien's Certificates of Nonresidence (Form 303). The chairman of each local board shall be charged with the care and custody of the Alien's Certificates of Nonresidence (Form 303) distributed to his local board, shall give a receipt to the State Director of Selective Service for the exact number of such certificates received by him, and shall be accountable for that number of certificates. The chairman of the local board shall guard against the loss or destruction of such certificates, shall not permit anyone to tamper with them, and shall warn all concerned against entrusting them to the custody of any unauthorized person.*

§ 611.32 *Register of nonresident aliens.*

(a) The local board shall maintain a register of nonresident aliens showing the disposition made of each Alien's Certificate of Nonresidence (Form 303). No particular form is provided for such register. The certificates that are issued by the local board shall be numbered consecutively, and the register shall show the number and expiration date of the certificate and the name, address, and nationality of the person to whom it has been issued. The local board shall send to the State Director of Selective Service the name, address, and nationality of each person to whom it issues an Alien's Certificate of Nonresidence (Form 303), together with the number and expiration date placed upon such certificate by the local board. The letter of the local board transmitting this information to the State Director of Selective Service shall be in duplicate. If any Alien's Certificate of Nonresidence (Form 303) is spoiled, it shall be forwarded to the State Director of Selective Service, together with a letter of transmittal executed in duplicate. The State Director of Selective Service shall credit the local board for each certificate issued by the local board and for each spoiled certificate transmitted to him by the local board.

(b) The State Director of Selective Service shall maintain a register showing the names, addresses and nationalities of individuals to whom Alien's Certificates of Nonresidence (Form 303) have been issued in his State, the name or number of the local board issuing the certificates, and the number and expiration date of each individual certificate issued by each local board. The State Director of Selective Service shall forward to the Director of Selective Service the duplicate copy of each letter transmitting a spoiled certificate or reporting the issuance of a certificate by a local board.*

§ 611.33 *The effect of failure to have certificate in personal possession.* Every alien receiving an Alien's Certificate of Nonresidence (Form 303) under the provisions of paragraph (d) of § 611.22 must have such certificate in his personal possession at all times and, upon request, must exhibit it to any law-enforcement officer, any official of National Headquarters for Selective Service or of a State Headquarters for Selective Service, or any member of the local board or board of appeal. The failure of any such person to have such an Alien's Certificate of Nonresidence (Form 303) in his personal possession or to exhibit it upon the request of any officer, official, or board member authorized in this paragraph to make such request shall constitute a violation of these regulations. The failure of any alien to have an Alien's Certificate of Nonresidence (Form 303) in his personal possession shall be prima facie evidence that such a certificate has not been issued to him.*

§ 611.34 *Wrongful possession of, or making, altering, forging, or counterfeiting, certificate prohibited.* It shall be a violation of these regulations for any person to have in his possession an Alien's

Certificate of Nonresidence (Form 303) issued to some other person, or to permit an Alien's Certificate of Nonresidence (Form 303) issued to him to be in the possession of any other person; or to falsely make, alter, forge, or counterfeit, or cause or procure to be falsely made, altered, forged, or counterfeited, or to willingly aid or assist another to falsely make, alter, forge, or counterfeit, any Alien's Certificate of Nonresidence (Form 303); or to utter or publish as true, or cause to be uttered or published as true, or have in his possession with the intent to utter or publish as true, any such false, altered, forged, or counterfeited Alien's Certificate of Nonresidence (Form 303); or to exhibit or present to any person any such false, altered, forged, or counterfeited Alien's Certificate of Nonresidence (Form 303), knowing the same to be false, forged, altered, or counterfeited.*

§ 611.35 *Issuing a duplicate of a lost, mislaid, stolen, or destroyed certificate.* The local board which issued an Alien's Certificate of Nonresidence (Form 303) may issue a duplicate certificate upon receiving satisfactory proof from and a sworn statement of the alien to whom it was issued that the original certificate has been lost, mislaid, stolen, or destroyed; that the alien has made a diligent search for the certificate; and that he has been unable to find it. Each such duplicate certificate shall be marked "Duplicate," and the fact that it has been issued shall be noted upon the sworn statement of the alien and placed in the alien's file.*

§ 611.36 *Surrender of certificate before leaving the United States.* (a) Every alien to whom an Alien's Certificate of Nonresidence (Form 303) has been issued shall surrender such certificate to an official of the Immigration and Naturalization Service of the Department of Justice at the place of departure before he leaves the United States. No male person who is within the age group of persons required by the first or any subsequent proclamation of the President to present themselves for and submit to registration and who has been in the United States for a period of more than 3 months shall leave or be permitted to leave the United States until he surrenders his Alien's Certificate of Nonresidence (Form 303), showing an expiration date on or subsequent to the date of his departure, or exhibits a Registration Certificate (Form 2), unless he is in one of the categories specifically set forth in subparagraphs (1), (2), (3), (4), or (5) of § 611.13.*

(b) The official of the Immigration and Naturalization Service of the Department of Justice will immediately forward each such Alien's Certificate of Nonresidence (Form 303) to the Director of Selective Service.

(c) Upon receipt of the Alien's Certificate of Nonresidence (Form 303) from an official of the Immigration and Naturalization Service of the Department of Justice, the Director of Selective Service shall mark across the face of such certificate "Canceled—Alien Departed" and shall transmit such canceled certificate to the issuing local board through

the State Director of Selective Service. Both the State Director of Selective Service and the local board shall enter in their registers of nonresident aliens the date when the Alien's Certificate of Nonresidence (Form 303) was canceled by the Director of Selective Service.*

Effective immediately upon the filing hereof with the Division of the Federal Register.

2. By adding the following six new sections to this part:

ALIEN'S PERSONAL HISTORY AND STATEMENT

§ 623.71 *Steps to be taken by registrant and local board.* (a) When the local board, under the provisions of § 623.51, classifies a registrant who is not a national of the United States, as defined in section 601.2, in Class I-A, Class I-A-O, Class I-B, or Class I-B-O, the local board, without waiting to determine whether such registrant wishes to or does request a personal appearance or take an appeal, shall mail such registrant an Alien's Personal History and Statement (Form 304).

(b) Before an Alien's Personal History and Statement (Form 304) is mailed, it shall be prepared by filling in all blanks on page 1.

(c) Unless the local board, for good cause, grants an extension of time, the registrant shall complete and return his Alien's Personal History and Statement (Form 304) within 10 days after the date on which it is mailed to him.

(d) As soon as the local board receives a completed Alien's Personal History and Statement (Form 304) from a registrant, it shall make three complete copies thereof and shall immediately transmit the original and all three copies to the State Director of Selective Service.

(e) A record of each step taken by the local board in connection with each Alien's Personal History and Statement (Form 304) shall be entered in the blank columns of the Insert Page (Form 100A) of the Classification Record (Form 100).*

*Issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup. 301-318, inclusive; E.O. 8545, 5 F.R. 3779.

§ 623.72 *Steps to be taken by State Director of Selective Service before action by armed forces.* The State Director of Selective Service, when he receives from a local board an original and three copies of an Alien's Personal History and Statement (Form 304), shall (1) enter an acknowledgment thereof upon the receipt attached to the State Headquarters Alien Record (Form 306), (2) mail such receipt to the local board, (3) enter the date of receipt thereof on the State Headquarters Alien Record (Form 306), (4) transmit the original and all three copies thereof to the Corps Area Commander (or to the representative of the Navy or Marine Corps), (5) enter the date of such transmittal upon the State Headquarters Alien Record (Form 306), and (6) file the State Headquarters Alien Record (Form 306) in an alphabetical file of pending alien cases.*

§ 623.73 *Steps to be taken by armed forces.* The Corps Area Commander (or representative of the Navy or Marine Corps) will endorse on the original and all three copies of the Alien's Personal History and Statement (Form 304) that such registrant either "is, if otherwise qualified," acceptable to the armed forces or "is not" acceptable to the armed forces, will retain the original and one copy thereof for the use of the armed forces, and will forward the two remaining copies to the State Director of Selective Service from whom they were originally received.*

§ 623.74 *Steps to be taken by State Director of Selective Service after action by armed forces.* (a) The State Director of Selective Service shall carefully check the two copies of the Alien's Personal History and Statement (Form 304) received by him from the Corps Area Commander (or representative of the Navy or Marine Corps) to make certain that the endorsement thereon shows whether the registrant "is, if otherwise qualified," or "is not" acceptable to the armed forces.

(b) The State Director of Selective Service shall then enter upon the State Headquarters Alien Record (Form 306) the date upon which the two copies of the Alien's Personal History and Statement (Form 304) were received from the Corps Area Commander (or representative of the Navy or Marine Corps) and shall also enter thereon whether such registrant was found to be "acceptable, if otherwise qualified," or "not acceptable" to the armed forces.

(c) The State Director of Selective Service shall then forward one copy of the Alien's Personal History and Statement (Form 304) to the local board from which it was originally received, shall forward the other copy to the Director of Selective Service, and shall enter on the State Headquarters Alien Record (Form 306) the date upon which each of such copies was so forwarded.*

§ 623.75 *Steps to be taken by local board after action by armed forces.* (a) When the local board receives from the State Director of Selective Service a copy of the Alien's Personal History and Statement (Form 304) which bears the endorsement of the armed forces showing that the registrant either "is, if otherwise qualified," or "is not" acceptable to the armed forces, it shall take the following action:

(1) Change the registrant's classification to Class IV-C, if the registrant "is not" acceptable to the armed forces; or

(2) Proceed in the same manner as in the case of any other registrant in the same classification, if the registrant "is, if otherwise qualified," acceptable to the armed forces.

(b) The local board should also:

(1) Prepare a Notice of Alien's Acceptability (Form 307) indicating that the armed forces have found either that the registrant "is, if otherwise qualified," acceptable or "is not" acceptable to the armed forces and mail such notice to the registrant; and

(2) Record the action of the armed forces and the date upon which it received the copy of the Alien's Personal History and Statement (Form 304) from the State Director of Selective Service with the endorsement of the armed forces thereon and the date it mailed the notice thereof to the registrant in the blank columns of the Insert Page (Form 100A) of the Classification Record (Form 100) and under "Minutes of Other Actions" on the back of the Selective Service Questionnaire (Form 40).*

§ 623.76 *Alien's status while history and statement being considered.* (a) No registrant to whom an Alien's Personal History and Statement (Form 304) is mailed shall be ordered to report for induction unless and until the armed forces endorse upon such Alien's Personal History and Statement (Form 304) that such alien "is, if otherwise qualified," acceptable to the armed forces.

(b) If such registrant requests an opportunity to appear in person before the local board, takes an appeal to the board of appeal, or requests a reopening and consideration anew of his classification after the time when the local board mails an Alien's Personal History and Statement (Form 304) to him, the local board shall permit such personal appearance, forward the appeal to the board of appeal, or determine whether the registrant's classification should be reopened and considered anew without regard to the fact that an Alien's Personal History and Statement (Form 304) has been mailed to such registrant. The time in which such alien must complete and return his Alien's Personal History and Statement (Form 304), as provided in § 623.71, shall not be extended by any such action.*

§ 626.2 *When registrant's classification may be reopened and considered anew.* (a) The local board may reopen and consider anew the classification of a registrant (1) upon the written request of the registrant, the government appeal agent, any person who claims to be a dependent of the registrant, or any interested party in a case involving occupational deferment, if such request is accompanied by written information presenting facts not considered when the

PART 627—APPEAL TO BOARD OF APPEAL

As Director of Selective Service, I hereby amend the Selective Service Regulations, Second Edition, Part 627,¹ by deleting paragraphs (b) and (c) of § 627.2 and substituting therefor the following:

§ 627.2 *Who may appeal registrant's classification to board of appeal under certain circumstances.*

(b) The government appeal agent may take any appeal authorized under paragraph (a) of this section at any time prior to the date when the local board mails to the registrant an Order to Report for Induction (Form 150).

(c) The registrant, any person who claims to be a dependent of the registrant, or any person who has filed written evidence of the occupational necessity of the registrant may take an appeal authorized under paragraph (a) of this section at any time within 10 days after the date when the local board mails to the registrant a Notice of Classification (Form 57). At any time prior to the date that the local board mails to the registrant an Order to Report for Induction (Form 150), the local board may permit any such person to appeal, even though such 10-day period has elapsed, if it is satisfied that the failure of such person to appeal within the 10-day period was due to a lack of understanding of the right to appeal or to some cause beyond the control of such person. Unless the local board thereafter permits an appeal, the right of such persons to appeal shall expire at the end of the 10-day period. If such an extension of time to appeal is granted by the local board, a record thereof shall be entered on the Selective Service Questionnaire (Form 40) under the heading "Minutes of Other Actions." PART 627—APPEAL TO BOARD OF APPEAL

As Director of Selective Service, I hereby amend the Selective Service Regulations, Second Edition, Part 627,¹ in the following respects:

1. By deleting the present title of § 627.13 in the table of contents and substituting therefor the following:

Sec.
627.13 Local board to transmit record to the State Director of Selective Service.

2. By adding two new sections to the table of contents after § 627.13 as follows:

Sec.
627.14 State headquarter's record of appeals to board of appeal.
627.15 Action of the local board on a case returned by the State Director of Selective Service.

3. By deleting present § 627.13 and substituting therefor the following:

§ 627.13 *Local board to transmit record to the State Director of Selective Service.* (a) Immediately upon an appeal being taken to the board of appeal, the local board shall carefully check the registrant's file to make certain that all steps required by the regulations have been taken and the record is complete. If any facts considered by the local board do not appear in the written information in the file, the local board shall prepare and place in the file a written summary of such facts. In preparing such a summary the local board should be careful to avoid the expression of any opinion concerning information in the registrant's file and should refrain from including any argument in support of its decision.

(b) Immediately upon determining that all steps required by the regulations have been taken and that the record is complete, the local board shall transmit the file to the State Director of Selective Service.

(c) The local board shall enter in the Classification Record (Form 100) the date it transmits the registrant's file to the State Director of Selective Service.

4. By adding two new sections to this part after § 627.13 reading as follows:

§ 627.14 *State headquarter's record of appeals to board of appeal.* (a) When the file of a registrant is received from a local board pursuant to § 627.13, a record of such appeal shall be entered in the State Docket Book of Appeals (Form

104). Each board of appeal within the State shall have a separate page in the State Docket Book of Appeals (Form 104), and all appeals to such board of appeal shall be entered therein.

(b) The State Director of Selective Service will carefully check each file to determine whether all steps required by the regulations have been taken, whether the record is complete, and whether the information in the file is sufficient to enable the board of appeal to determine the registrant's classification. If any steps have been omitted by the local board, if the record is incomplete, or if the information is not sufficient to enable the board of appeal to determine the classification of the registrant, the State Director of Selective Service shall return the file to the local board with proper instructions. If the State Director of Selective Service returns the file to the local board, he shall enter in the State Docket Book of Appeals (Form 104) the date upon which the file was returned to the local board. If no steps have been omitted by the local board, the record is complete, and the information is sufficient to enable the board of appeal to determine the classification of the registrant, the State Director of Selective Service shall transmit the registrant's file to the proper board of appeal and shall note the date of such transmittal in the State Docket Book of Appeals (Form 104).

§ 627.15 *Action of the local board on a case returned by the State Director of Selective Service.* (a) The local board shall carry out the instructions on the State Director of Selective Service accompanying a registrant's file returned to it under the provisions of § 627.14.

(b) As soon as the instructions of the State Director of Selective Service have been carried out, the local board shall return the registrant's file to the State Director of Selective Service, unless as a result of the information received in carrying out the instructions it determines that the classification of the registrant should be changed, in which event it shall, on its own motion, follow the procedure set out in Part 626, and any further appeal shall be a new appeal from the new classification of the registrant by the local board.

(c) If the local board places the registrant in a new classification, the file of the registrant shall not be returned to the State Director of Selective Service but the local board shall report the action taken by it to the State Director of Selective Service. Upon receiving such report, the State Director of Selective Service shall note the local board's action in the State Docket Book of Appeals (Form 104), mark the case "Closed," and indicate the reason therefor in the "Remarks" column.

(d) If the registrant's file is returned to the State Director of Selective Service, he shall (1) enter the date the file is received in the State Docket Book of Appeals (Form 104); (2) again check the file; (3) transmit it to the board of appeal, if it is in proper form; and (4) note the date the file is transmitted to the

¹ 6 F.R. 6845.

¹ 6 F.R. 6845.

board of appeal in the State Docket Book of Appeals (Form 104).

5. By deleting §§ 627.22, 627.23, and 627.27 and substituting therefor the following:

§ 627.22 *Transfer of appeal.* If the board of appeal, upon receiving the file of a registrant, determines that it does not have jurisdiction of the appeal or that it cannot act on the appeal for any other reason, it shall return the file to the State Director of Selective Service stating the reasons for such return. If the State Director of Selective Service determines that the board of appeal to which the file was originally forwarded does not have jurisdiction, he shall transmit the file to the board of appeal having jurisdiction. If the board of appeal to which the file was originally forwarded is unable to act for any reason and there is more than one board of appeal in the State, the State Director of Selective Service shall designate one of the other boards of appeal in the State to act upon the appeal and shall transmit the file to the designated board of appeal. If the board of appeal to which the file was originally forwarded is the only board of appeal in the State, the Director of Selective Service, upon the request of the State Director of Selective Service, shall designate a board of appeal in a neighboring State to act upon the appeal, and the State Director of Selective Service shall transmit the file to the designated board of appeal. The designated board of appeal shall act on the appeal in the same manner and make the same records as in the case of an appeal from a local board whose records it normally reviews, except that all entries and records will be made in red ink. The State Director of Selective Service shall advise the local board from which the appeal was taken when a file is referred to a board of appeal other than the one normally acting on appeals from such local board and shall state the reason why the file is not being reviewed by the board of appeal for the area in which such local board is located.

§ 627.23 *Preliminary review.* The board of appeal shall make a preliminary review of each registrant's file received on appeal. If it deems the record to be incomplete or the information in the file insufficient to enable it to determine the classification of the registrant, it shall return the file to the State Director of Selective Service with an explanation of the reason therefor. The State Director of Selective Service shall either return the file to the board of appeal with instructions to determine the appeal upon the record or he shall forward the file to the local board with such instructions as he deems necessary in order to complete the record or supply the information requested by the board of appeal. When the local board has carried out such instructions it shall return the file to the State Director of Selective Service. The State Director of Selective Service shall check the file to make certain his instructions have been carried out and shall then return the file to the board of appeal.

No. 52—3

§ 627.27 *Record of decision on appeal.* (a) When the board of appeal makes its classification, it shall record its decision, showing the yes and no vote, upon the Selective Service Questionnaire (Form 40) and in the Docket Book of Board of Appeal (Form 102). The board of appeal shall then immediately forward the file to the State Director of Selective Service and mark the case "Closed" in the "Remarks" column of the Docket Book of Board of Appeal (Form 102).

(b) The State Director of Selective Service shall review the file to determine whether he desires to appeal to the President. Section 1042.1 (General Imports Order M-63²) is hereby amended to read as follows:

Whereas: War Requirements have created a shortage of the materials hereinafter set forth for defense, essential civilian and other uses; such materials are imported and due to the uncertainties of transportation in wartime the restrictions upon the disposition of such materials hereinafter set forth are necessary to prevent dispersion of such materials and to direct the distribution thereof in such manner as to satisfy war and essential civilian needs:

Now, therefore, it is hereby ordered, That:

§ 1042.1 *General Imports Order M-63—(a) Definitions.* For the purposes of this Order:

¹ Filed as a part of the original document.

(2) "Person" means any individual, partnership, association, business trust, corporation or any organized group of persons, whether or not incorporated.

(3) "Owner" of any material means any person who has any property interest in such material except a person whose interest is held solely as security for the payment of money.

(4) "Consignee" means the person to whom a strategic material is consigned at the time of importation.

(5) "Import" means to transport in any manner into the continental United States from any foreign country or from any territory or possession of the United States (including the Philippine Islands). Release from the bonded custody of the United States Bureau of Customs shall, for the purpose of this Order, be deemed a transportation.

(6) "Place of Initial Storage" means any warehouse, yard, ground storage or other place to which the person making the entry or withdrawal from custody of the United States Bureau of Customs of strategic material imported after the effective date of this Order directs or has directed that such strategic material be transported from the port of entry to be held until disposed of pursuant to this Order.

(b) *Restrictions on importation of strategic materials.* After the effective date of this Order, no person, other than Metals Reserve Company, Defense Supplies Corporation and any other United States governmental department, agency or corporation, or any agent acting for such company, department, agency or corporation, shall, without the written authorization of the Director of Industry Operations, make any contract or other arrangement for the importing of any Strategic Material. Applications for authorization to contract or arrange for the import of strategic materials shall be made in duplicate on Form PD-222C. (c) *Restrictions on disposition of imported strategic materials.* Except as hereinafter specifically provided in paragraph (d):

(1) *Restrictions upon owners and consignees.* No owner or consignee of any strategic material which is imported after the effective date of this Order shall in any way, directly or indirectly:

(i) Dispose of any interest in such strategic material;

(ii) Process or in any way change the physical condition of such strategic material;

(iii) Transfer possession, or cause or permit a transfer of possession, of such strategic material except to the port of entry and from the port of entry to the place of initial storage of such strategic material; or

(iv) Change, or cause or permit a change of, the location of such strategic material except to the port of entry and from the port of entry to the place of initial storage of such strategic material.

Provided: That a consignee of strategic material may dispose of his interest in such strategic material to the extent necessary to complete any commitment or contract made prior to the effective date of this Order. The person to whom he disposes of such interest shall be subject to all restrictions imposed upon owners by this Order.

(i) Dispose of any such interest; or
(ii) Transfer possession, or cause or permit a transfer of possession of such instrument.

(d) *Permissible disposition of imported strategic materials—(1) Transfer to Governmental agency:* Nothing contained in this Order shall prohibit any person having any interest whether as owner, consignee or otherwise, in any strategic material imported after the effective date of this Order from disposing of, or making any arrangement to dispose of, any interest in such strategic material to Metals Reserve Company, Defense Supplies Corporation or any other United States governmental department, agency or corporation.

(2) *Authorization by Director of Industry Operations.* Notwithstanding the provisions of paragraph (c), an Owner of strategic material imported after the effective date of this Order or a bank or other Person having possession of or an interest in a written instrument evidencing an interest in such strategic material, may process such strategic material or may dispose of any interest in such strategic material or any such written instrument, or transfer possession or change the location thereof, or cause or permit such a transfer of possession or change of location, upon written authorization by the Director of Industry Operations. Any such person may make application in duplicate for such an authorization on Form PD-222A, which Form shall be addressed to War Production Board, Ref: M-63, Washington, D. C. Such report shall be filed in duplicate; one copy will be transmitted to the War Production Board by Federal Loan Agency.

(2) Every person, other than any United States governmental department, agency or corporation, or any agent acting for any such department, agency, or corporation, who is authorized by the Director of Industry Operations under paragraph (b) hereof, to make any contract or other arrangement for the importing of any strategic material, shall promptly report all relevant facts with respect to any contract or other arrangement entered into pursuant to such authorization to Federal Loan Agency, Ref: M-63, Washington, D. PART 1115—FUEL OIL

Limitation Order L-56 to Curtail the Consumption of Fuel Oil

Whereas fulfillment of requirements for the defense of the United States has created in certain areas a shortage in the supply of fuel oil for defense, private account and export, it is necessary in the public interest and to promote the defense of the United States to allocate the supply thereof in the manner and to the extent hereinafter in this Order provided,

Now, therefore, it is ordered, That:

§ 1115.1 *Limitation Order L-56—(a) Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944) as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(b) *Additional definitions.* For the purpose of this Order:

(1) "Supplier" means any person supplying Fuel Oil, directly or indirectly, to a Consumer.

(2) "Consumer" means any ultimate user of Fuel Oil including any Governmental corporation or agency.

(3) "Standby facilities" means equipment in serviceable operating condition designed to use a fuel other than Fuel Oil, except electricity, natural gas, or mixed natural and manufactured gas, and for the operation of which a supply of such fuel is available.

(4) "Fuel oil" means any liquid petroleum classified as grade No. 1, 2, 3, 4, 5, or 6, including Bunker "C" fuel oil, kerosene, range oil, gas oils, and any other liquid petroleum product used for the same purpose as the above designated grades.

(c) *Limitation on deliveries of fuel oil.* (1) No Supplier shall deliver to any Consumer in any area designated in List "A" who has Standby Facilities and no such Consumer shall accept delivery of Fuel Oil from any Supplier unless such Standby Facilities are being operated to take the place of such Consumer's Fuel-Oil-burning facilities to the greatest possible extent and to effect the maximum reduction in such Consumer's requirements for Fuel Oil.

(2) No Supplier shall deliver Fuel Oil to a Consumer in any area designated in List "A" and no such Consumer shall accept delivery of Fuel Oil from any Supplier for the operation of:

(i) New or additional equipment unless such equipment was installed prior to 30 days after the effective date of this Order, or unless, in the case of new construction, the equipment was specified in the construction contract, and the foundation under the main part of the structure in which the equipment is to be installed was completed prior to 30 days after the effective date of this Order; *Provided*, That the replacement of worn-out parts shall not be deemed to be the installation of new or additional equipment if the existing equipment is not adaptable to the use of other fuels; or

(ii) Facilities converted from other fuel to Fuel Oil unless such conversion has been completed prior to 10 days after the effective date of this Order;

Provided, That deliveries of Fuel Oil may be made by any Supplier to any Consumer for the operation of equipment or facilities specified in this paragraph in any case where such Consumer cannot use a fuel other than Fuel Oil, electricity, natural gas, or mixed natural and manufactured gas, either because any such substitute fuel is not available or because technical utilization factors prevent its use.

(d) *Conversion of fuel-oil-burning facilities.* The Director of Industry Operations, or other person designated by him, may from time to time examine and investigate the Fuel-Oil-burning facilities owned or operated by any Consumer for the purpose of determining whether such equipment can be converted to the use of a fuel other than Fuel Oil, electricity, natural gas, or mixed natural and manufactured gas. In making such investigation, the Director of Industry Operations, or his representative, shall take into consideration all facts and circumstances which may relate to the particular problem, including the availability of such other fuel. If it is found that the Fuel-Oil-burning facilities of any Consumer may be converted to the use of such other fuel, and that a supply of such fuel is available, without an unreasonable expenditure upon the part of the Consumer and without working any exceptional or unreasonable hardship upon such Consumer, then the Director of Industry Operations may, after notice sufficient to permit such conversion, forbid further deliveries of Fuel Oil for use in such facilities.

(e) *Exception.* Nothing in this Order shall be construed to apply to the delivery of Fuel Oil for use in internal combustion engines.

(f) *Directions as to deliveries.* The Director of Industry Operations may from time to time issue specific directions directing or forbidding deliveries of Fuel Oil to any Consumer.

(g) *Appeals.* Any Person affected by this Order who considers that compliance therewith would work an excep-

tional and unreasonable hardship upon him may appeal to the Director of Industry Operations, by letter or telegram, setting forth the pertinent facts and the reasons he considers himself entitled to relief. The Director of Industry Operations may thereupon grant specific exemptions or take such other action as may be consistent with this Order. Unless otherwise directed, appeals shall be filed with the Director of Marketing, Office of Petroleum Coordinator for National Defense, Department of the Interior, Washington, D. C. Any such appeal involving a defense housing project shall be filed with the local Federal Housing Administration office which shall review such appeal and transmit it, together with specific recommendations, to the said Director of Marketing, or to his representative, for further proceedings.

(h) *Violations.* Any Person who willfully violates any provision of this Order may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under Section 35A of the Criminal Code (18 U.S.C. 80).

(i) *Reports and correspondence.* All reports required to be filed hereunder and all communications concerning this Order shall, unless otherwise directed, be addressed to: Office of Petroleum Coordinator, Washington, D. C., Ref.: L-56.

(j) *Effective date.* This Order shall take effect on the date of issuance and shall continue in effect until revoked by the Director of Industry Operations. (P.D. Reg. 1, amended Dec. 23, 1941, 6 F.R. 6680; W.P.B. Reg. 1, Jan. 26, 1942, 7 F.R. 561, E.O. 9024, Jan. 16, 1942, 7 F.R. 329; E.O. 9040, Jan. 24, 1942, 7 F.R. 527; sec. 2 (a), Pub. Law 671, 76th Cong., 3d Sess., as amended by Pub. Law 89, 77th Cong., 1st Sess.)

Issued this 14th day of March 1942.

J. S. KNOWLSON,
Director of Industry Operations.

PART 1140—MOTOR VEHICLES

LIMITATION ORDER L-69

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of aluminum, cadmium, chromium, copper and nickel for defense, for private account and

for export; and the following Order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1140.1 *Limitation order L-69—(a) Definitions:*

(1) "Motor Vehicle" means any vehicle of four wheels or more designed for use on the highway and powered by an internal combustion engine, and any trailer designed exclusively for the transportation of property on the highway.

(2) "Bright Work" means any plating, coating, or other metal finish containing any aluminum, cadmium, chromium, copper or nickel.

(3) "Producer" means any individual, partnership, association, corporation, or other form of business enterprise engaged in the production of motor vehicles, or of chassis, bodies, cabs, accessories or replacement parts therefor.

(b) *General restrictions.* (1) No producer shall manufacture or use any bright work:

(i) In the exterior finish or trim of any motor vehicle or chassis therefor,

(ii) In the interior or exterior finish or trim of any body or cab for any motor vehicle, or

(iii) In the production of accessories for any motor vehicle or of replacement parts for any motor vehicle or for any chassis, body or cab therefor:

Provided, That nothing herein shall prohibit the manufacture or use of bright work in the production or use of ventilator window latches, external locks, cylinder caps and covers, external windshield wipers and arm and blade assemblies therefor, and body trim screws.

(2) No producer who, on the effective date of this Order, has in his possession or control any aluminum, cadmium, chromium, copper or nickel in any form shall:

(i) Sell or otherwise dispose of any thereof except as expressly permitted by the Director of Industry Operations, or to Defense Supplies Corporation, Metals Reserve Corporation or any other corporation organized under section 5 (d) of the Reconstruction Finance Corporation Act as amended, or any person acting as agent for such corporation; or

(ii) Use any thereof except in the manufacture of any other articles which such producer manufactured during the month of February 1942 and then only to the extent that such use is not prohibited by General Conservation Orders M-1-e, M-6-b, M-9-c and M-65-a as the same may be amended from time to time or any other orders of the Director of Priorities or of the Director of Industry Operations heretofore or hereafter issued curtailing the use of any such material or limiting the production of any such articles, provided that such producer's average use of such materials in the manufacture of such other articles in any month after February 1942, shall not exceed his daily use thereof in such

manufacture during the month of February 1942.

(3) The prohibitions and restrictions contained in this Order shall not apply to the use of aluminum, cadmium, chromium, copper or nickel in the manufacture or use of bright work under a specific contract or subcontract for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development, or for any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), if in any such case the use of such metals to the extent employed is required by the specifications of the prime contract.

(e) *Reports.* All persons affected by this Order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time require.

(f) *Violations or false statements.* Any person who violates this Order or who willfully falsifies any records which he is required to keep by the terms of this Order, or otherwise willfully furnishes false information to the War Production Board may be deprived of priorities assistance or may be prohibited by the War Production Board from obtaining any further deliveries of materials subject to allocation. The War Production Board may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(g) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this Order would disrupt or impair a program of conversion from nondefense work, may apply for relief by addressing a letter to the War Production Board setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The War Production Board may thereupon take such action, if any, as it deems appropriate by the amendment of this Order or otherwise.

PART 992—LAUNDRY EQUIPMENT

Supplementary General Limitation Order L-6-c—Further Restricting and Finally Prohibiting the Production of Domestic Laundry Equipment.

In accordance with the provisions of § 992.1 (General Limitation Order L-6) which the following order supplements, It is hereby ordered, That:

§ 992.4 Supplementary General Limitation Order L-6-c.

(a) Prohibition of production of domestic laundry equipment. Effective April 16, 1942, no Class A or Class B manufacturer shall produce any domestic laundry equipment. Effective May 16, 1942, no Class C or Class D manufacturer shall produce any domestic laundry equipment.

(b) Restrictions until dates of prohibition of production. During the period beginning March 16, 1942, and ending April 15, 1942 inclusive:

(1) No Class A manufacturer shall produce more domestic laundry equipment than the greater of the following two limits:

(i) 11,700 units of such equipment, or
(ii) 90% of the monthly average of his Factory Sales of such equipment for the twelve months ending June 30, 1941.

(2) No Class B manufacturer shall produce more domestic laundry equipment than the greater of the following two limits:

(i) 5,625 units of such equipment, or
(ii) 97½% of the monthly average of his Factory Sales of such equipment for the twelve months ending June 30, 1941.

During the period beginning March 16, 1942 and ending May 15, 1942:

(1) No Class C manufacturer shall produce more domestic laundry equipment than the greater of the following two limits:

(i) 3,420 units of such equipment, or
(ii) Two times 112½% of the monthly average of Factory Sales of such equipment for the 12 months ending June 30, 1941.

(2) No Class D manufacturer shall produce more than two times 142½% of the monthly average of his Factory Sales of such equipment for the twelve months ending June 30, 1941.

(c) Replacement parts. Nothing in this order shall be construed to prohibit or limit the production of replacement parts for domestic laundry equipment.

(d) Restrictions on inventory. (1) Until otherwise ordered by the Director of Industry Operations no manufacturer shall sell, deliver, or otherwise transfer any part of the inventory of raw materials, semi-processed parts or finished parts which he holds for use in the production of domestic laundry equipment to any other person, or to any other department, division, or section of his concern not engaged in the production of domestic laundry equipment, except on the following conditions:

(i) Raw materials, semi-processed parts, and finished parts may be sold, delivered or otherwise transferred to other manufacturers of domestic laundry equipment for their use in the production of such equipment pursuant to the provisions of paragraph (b);

(ii) Raw materials, semi-processed parts, and finished parts may be sold, delivered or otherwise transferred in connection with the manufacture and sale of repair and maintenance parts for domestic laundry equipment;

(iii) Raw materials, semi-processed parts, and finished parts may be sold, delivered, or otherwise transferred to any person (including any other department, division, or section of a manufacturer's concern not engaged in the production of domestic laundry equipment) who is able to supply a preference rating of A-9 or higher;

Provided however, That nothing in this paragraph (d) shall be construed to permit any manufacturer to sell, deliver, or otherwise transfer, or any person to purchase, receive delivery of, or otherwise acquire any raw materials, semi-processed parts, or finished parts in contravention of the terms of any L or M order including amendments or supplements thereto, or other regulation of the War Production Board, now effective or effective prior to the date of any such sale, delivery, or other transfer.

(2) Each manufacturer shall file with the War Production Board on or before April 1, 1942, an estimate of the inventory of raw materials, by classes of materials, semi-processed parts, and finished parts, which will remain in his hands pursuant to this paragraph after he has completed his production of domestic laundry equipment pursuant to paragraph (b).

(e) No interference with ordnance production. No manufacturer shall divert materials, labor, or equipment from the production of war material to enable him to produce his production quota under paragraph (b) hereof.

(f) Prohibition of acquisition of materials. No manufacturer of domestic laundry equipment shall purchase, receive delivery of, or otherwise acquire any raw materials, semi-processed parts, or finished parts intended for the production of domestic laundry equipment in

(1) Any Operator

(2) Any Supplier of Material to the delivery of which a preference rating has been applied as provided in paragraph (e):

(d) *Restrictions on use of ratings—*

(1) *Restrictions on Operator.* (i) The Operator may not apply a rating to obtain Material to the delivery of which any rating is hereby assigned unless such Material cannot otherwise be obtained without such rating on the date required to enable such Operator to fulfill the authorized purposes for which the rating is granted.

(ii) The Operator may not apply a rating to obtain scarce Material the use of which may be eliminated without serious loss of efficiency by substitution of less scarce material or by change of design.

(iii) The Operator may not apply a rating to obtain Material in greater quantities or on earlier dates than required to enable him to fulfill the authorized purposes for which the rating is granted.

(iv) The Operator may not apply a rating to obtain Material in excess of a minimum practicable inventory of such Material. Except as provided in paragraph (d) (2), such minimum practicable inventory shall in no event exceed a 90 day supply of Material to be used for the purpose for which the rating may be applied.

(v) The Operator may not apply a rating to obtain Material for any use which is restricted, prohibited or in any way limited by any Order issued by the Director of Industry Operations, other than Material to be used in conformity with the provisions of such Order.

(2) From time to time the Director of Industry Operations may determine that any Operator or class of Operators is exempt, in whole or in part, from the restrictions contained in paragraph (d) (1) (iv).

(3) *Restrictions on suppliers.* (i) No Supplier may apply a rating to obtain Material in greater quantities or on earlier dates than required to enable him to make on schedule a delivery rated hereunder or within the limitations of paragraph (d) (3) (ii) and (d) (3) (iii) below, to replace in his inventory Material so delivered. He shall not be deemed to require such Material if he can make his rated delivery and still retain a minimum practicable working

inventory thereof; and if, in making such delivery, he reduces his inventory below such minimum, he may apply the rating only to the extent necessary to restore his inventory to such minimum.

(ii) A Supplier who supplies material which he has in whole or in part manufactured, processed, assembled, or otherwise physically changed may not apply a rating to restore his inventory to a practicable working minimum unless he applies the rating before completing the rated delivery which reduces his inventory below such minimum.

(iii) A Supplier who supplies material which he has not in whole or in part manufactured, processed, assembled, or otherwise physically changed may defer applications of a rating hereunder to purchase orders or contracts for such material to be placed by him until he can place a purchase order or contract for the minimum quantity procurable on his customary terms: *Provided*, That he shall not defer the application of any rating for more than three months after he becomes entitled to apply it.

(e) *Application of preference ratings.*

(1) The Operator or any Supplier, in order to apply a preference rating assigned hereunder to deliveries to him, must endorse on all copies of each purchase order or contract which is covered by a rating assigned hereunder, a statement in the following form, signed manually or as provided in Priorities Regulation No. 7 (§ 944.27) by an official duly authorized for such purpose, specifying the rating assigned:

Preference Rating A- , is applied hereto under Preference Rating Order No. P-98, with the terms of which Order the undersigned is familiar. This rating may be extended only upon the terms of said Order.

Name of Operator or Supplier
By-----
Signature of Duly Authorized Official

Such endorsement shall constitute a representation to the War Production Board and the Supplier or manufacturer with whom the purchase order or contract is placed that such purchase order or contract is duly rated in accordance herewith. Such Supplier or manufacturer shall be entitled to rely on such representation, unless he knows or has reason to believe it to be false. Any such purchase order or contract shall be restricted to material the delivery of which is rated in accordance herewith.

(2) In addition to the requirements of paragraph (e) (1), the Operator (but not a Supplier), in order to apply the preference ratings assigned by paragraphs (b) (1), (b) (2) (b) (3), (b) (4) (i), (b) (4) (ii), (b) (4) (iv) and (b) (4) (v), must communicate with the Office of Petroleum Coordinator, Washington, D. C. Ref: P-98, supplying in detail the following information:

- (i) Date of actual breakdown or suspension of operations (if applicable);
- (ii) The equipment to be repaired and its operating importance (if applicable);
- (iii) The Material, quantity and price thereof, necessary to effectuate the Re-

pair or to initiate or maintain operations;

(iv) The supply of the necessary Material which the Operator has on hand or available; and

(v) The names and addresses of Suppliers from whom the Material is to be obtained and the earliest delivery dates assured on (a) an A-8 or lower rating, (b) an A-2 or higher rating by any such Supplier for delivery of the minimum necessary quantity of Material.

The Director of Industry Operations will notify the Operator whether, and to what extent, the application is approved. A copy of such notification shall be furnished by the Operator to any Supplier to evidence the proper rating granted pursuant to the provisions of this Order.

(3) In addition to the requirements of paragraph (e) (1), the Operator (but not a Supplier), in order to apply the preference rating assigned by paragraph (b) (5) (ii) must obtain the countersignature of the Director in Charge of a District Office of the Office of Petroleum Coordinator upon the purchase order or contract which such Operator has endorsed and signed pursuant to paragraph (e) (1).

(4) In addition to the requirements of paragraph (e) (1), the Operator (but not a Supplier), in order to apply the preference ratings assigned by paragraphs (b) (5) (i), (b) (6) (i) and (b) (6) (ii), must obtain the countersignature of the Director in Charge of a District Office of the Office of Petroleum Coordinator upon the purchase order or contract which such Operator has endorsed and signed pursuant to paragraph (e) (1), unless any individual item to be obtained under the ratings assigned by these paragraphs and to which a preference rating is to be applied has a cost to the Operator of \$500 or less.

(f) *Restrictions on use of material obtained under a rating.* When an Operator has applied a rating authorized by this Order, he must use the Material delivered pursuant to the rating or an equivalent amount of Material for the purpose stated in his endorsement pursuant to paragraph (e). In no event shall any Operator use Material delivered to him pursuant to a preference rating assigned by this Order in violation of the provisions of any Conservation Order issued by the Director of Priorities.

fice of Petroleum Coordinator applications for preference rating assistance on any appropriate preference rating or project rating application form issued pursuant to the authority of the Director of Industry Operations.

(i) *Records.* In addition to the records required to be kept under Priorities Regulation No. 1, the Operator and each Supplier placing or receiving any purchase order or contract rated hereunder shall each retain for a period of at least two years, for inspection by representatives of the War Production Board, endorsed copies of all such purchase orders or contracts, whether accepted or rejected, segregated from all other purchase orders or contracts, or filed in such manner that they can be readily segregated for such inspection.

(j) *Communications to Office of Petroleum Coordinator.* All reports which may be required to be filed hereunder and all communications concerning this Order shall, unless otherwise directed, be addressed to:

Office of Petroleum Coordinator
Washington, D. C. Ref: P-98.

(k) *Violations.* Any Person who willfully violates any provision of this Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (a) of the Criminal Code (18 U.S.C. 80).

(l) *Revocation or amendment.* This Order may be revoked or amended at any time as to any Operator or any Supplier. In the event of revocation, deliveries already rated pursuant to the provisions of this Order shall be completed in accordance with said rating, unless the rating has been specifically revoked with respect thereto. No additional applications of the rating to any other deliveries shall thereafter be made by any Operator or Supplier affected by such revocation.

(m) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision of this Order may be inconsistent therewith, in which case the provisions of this Order shall govern.

(n) *Effective date.* This Order shall take effect on the date of issuance and shall continue in effect until May 15, 1942. (P.D. Reg. 1, amended Dec. 23, 1941, 6 F.R. 6680; W.P.B. PART 1112—OFFICE MACHINERY

General Limitation Order No. L-54-B

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain types of office machinery for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 1112.3 *General Limitation Order L-54-B—(a) Definitions.* For the purpose of this order:

(3) "New Office Machinery" means office machinery including attachments thereto, of the types listed in List A, which has not been delivered to any person acquiring it for use.

(b) *General restrictions.* On and after the date of issue of this order, regardless of the terms of any contract of sale, purchase, rental, or other commitment, or of any preference rating, no Manufacturer, wholesaler, distributor, retailer, or other dealer shall accept any purchase, rental or other order for new office machinery, or attachments thereto, as listed in List A, except a purchase, rental or other order rated A-9 or better on Preference Rating Certificate PD-1A or PD-3A, issued by the Director of Industry Operations; no Manufacturer, wholesaler, distributor, retailer, or other dealer shall sell, lend, lease, rent, deliver, or otherwise transfer any such new office machinery except to fill a purchase, rental or other order rated A-9 or better on Preference Rating Certificate PD-1A

or PD-3A, issued by the Director of Industry Operations; and no person shall purchase, borrow, lease, rent, receive delivery of, or otherwise acquire any such new office machinery except pursuant to a purchase, rental or other order rated A-9 or better on Preference Rating Certificate PD-1A or PD-3A issued to him by the Director of Industry Operations.

(c) *Non-applicability to certain transactions.* The terms of paragraph (b) hereof shall not apply to the sale, purchase, rental, delivery, transfer, or receipt of any new office machinery built to customer's special specifications on which physical assembly was started prior to the date of issue of this order and which cannot be utilized by any other person entitled to employ a rating of A-9 or better as specified in paragraph (b) hereof.

(d) *Non-applicability to repair or maintenance of existing equipment.* The prohibitions of paragraph (b) hereof shall not be construed to restrict the delivery, in any manner, of parts to be used to repair or maintain existing equipment in operation.

PART 1141—MOTOR FUEL

Limitation Order L-70

The fulfillment of the requirements for the defense of the United States has created a shortage in the facilities for the transportation of petroleum which will result, in certain areas, in a shortage in the supply of Motor Fuel for defense, for private account and export; and the following Order is deemed necessary and

appropriate in the public interest and to promote the national defense.

§ 1141.1 *Limitation Order L-70—(a) Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944) as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(b) *Additional definitions.* (1) "Person" means any individual, partnership, association, business trust corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Motor Fuel" means liquid fuel, except Diesel fuel, used for the propulsion of motor vehicles or motor boats and shall include any liquid fuel to which Federal gasoline taxes apply except liquid fuel used for the propulsion of aircraft.

(3) "Service Station" means any place of business or part thereof, where Motor Fuel is delivered into the fuel supply tanks of motor vehicles or motor boats.

(4) "Supplier" means any Person, other than a Service Station, who delivers Motor Fuel, directly or indirectly, for redelivery or for consumption.

(5) "Bulk Consumer" means any Person who is an ultimate user of Motor Fuel, which such Person receives directly from a Supplier: *Provided*, That the term shall not include an ultimate user of Motor Fuel to the extent that such ultimate user resells or redelivers Motor Fuel delivered to him.

(6) "Curtailed Area" means the area specified in Exhibit "A."

(7) "Quota Month" means the month for which a quota is to be determined.

(8) "Base Gallonage" means one-third of the number of gallons of Motor Fuel actually delivered to any Service Station or Bulk Consumer during the period December 1, 1941—February 28, 1942, inclusive.

(9) "Seasonal Adjustment" means the difference between one-third of the number of gallons of Motor Fuel delivered to any Service Station or Bulk Consumer during the period December 1, 1940—February 28, 1941, inclusive, and the number of gallons of Motor Fuel delivered to such Service Station or Bulk Consumer during the month of 1941 corresponding to the Quota Month.

(10) "Normal Gallonage", subject to the adjustment provided in paragraph (e) hereof, means the gallonage represented by the Base Gallonage of any Service Station or Bulk Consumer to which has been added or subtracted the Seasonal Adjustment of such Service Station or Bulk Consumer: *Provided*, That in no case shall the Normal Gallonage of any Service Station be less than 75% of the gallonage actually delivered to such Service Station during the month of 1941 corresponding to the Quota Month.

(11) "Allowable Percentage" means that percentage specified in Exhibit "B".

(12) "Monthly Quota" means that amount of Motor Fuel which any Service

Station or Bulk Consumer in the Curtailment Area has the right to obtain from his Supplier or Suppliers during the Quota Month and shall be determined by multiplying the Normal Gallonage of such Service Station or Bulk Consumer by the Allowable Percentage: *Provided*, That the Monthly Quota of Bulk Consumers shall be the full quantity of Motor Fuel required for any of the preferential deliveries specified in paragraph (f) plus the Allowable Percentage of the difference between the adjusted Normal Gallonage and the quantity required for such preferential deliveries.

(13) "Curtailment Period" means the period during which this Order is in effect.

(c) *Limitation on shipment of motor fuel from the curtailment area.* No Supplier shall deliver or cause to be delivered, directly or indirectly, and no Person shall accept delivery of any Motor Fuel from any point within the Curtailment Area to any point in the United States outside the Curtailment Area: *Provided*, That this paragraph shall not apply to:

(1) The delivery of Motor Fuel from the Curtailment Area into contiguous areas for return delivery into the Curtailment Area;

(2) The return delivery into contiguous areas of Motor Fuel delivered into the Curtailment Area from such contiguous areas for return delivery;

(3) The delivery outside the Curtailment Area of benzol or of any Motor Fuel manufactured wholly from crude oil or natural gas produced within the Curtailment Area;

(4) Deliveries from bulk plants within the Curtailment Area to such points outside the Curtailment Area as were actually served by such bulk plants by tank truck during the period December 1, 1941-February 28, 1942, inclusive.

(d) *Limitation on delivery of motor fuel.* No Supplier shall deliver or cause to be delivered, directly or indirectly, in any month to any Service Station or Bulk Consumer within the Curtailment Area, and no such Service Station or Bulk Consumer shall accept delivery of any Motor Fuel in excess of the Monthly Quota of such Service Station or Bulk Consumer.

(e) *Adjustments of normal gallonage.*

(1) The Normal Gallonage of any Service Station or Bulk Consumer shall be adjusted upward or downward by the Supplier or Suppliers of such Service Station or Bulk Consumer so that it shall represent the normal and expected volume of business at such Service Station or the normal and expected requirements for consumption by such Bulk Consumer during the Quota Month which would occur if there were no restrictions of deliveries. Such adjustments shall be made only in the following instances:

(i) In any case where deliveries to a Service Station or Bulk Consumer during any of the periods specified in subparagraphs (b) (8) or (b) (9) hereof were so abnormally large or small as to fail

to reflect the seasonal variations normally expected at such Service Station or in such Bulk Consumer's current requirements for consumption for the Quota Month.

(ii) In any case where deliveries to a Service Station or Bulk Consumer during the periods specified in subparagraphs (b) (8) or (b) (9) hereof were such as to reflect an abnormal contraction or expansion in the volume of business for such Service Station or of the requirements for consumption by such Bulk Consumer.

(iii) In any case where any Service Station was not open for business or any Bulk Consumer had no requirements for current consumption during any or all of the period specified in subparagraphs (b) (8) or (b) (9) hereof.

(2) In the event that any Supplier has any reason to believe that any adjustment of the Normal Gallonage of any Service Station or Bulk Consumer has been improperly made or denied by such Supplier or by any other Supplier supplied directly or indirectly by him, then such Supplier shall either withhold further deliveries until any excessive upward adjustment has been compensated or increase deliveries until any excessive adjustment has been compensated.

(f) *Preferential deliveries.* Suppliers and Service Stations shall deliver to any Bulk Consumer or other Person such Bulk Consumer's or Person's minimum necessary requirements of Motor Fuel for any of the following uses, upon presentation by the Bulk Consumer or other Person to the delivering Supplier of the following statement, manually signed by such Person or a responsible official of the Bulk Consumer duly designated for such purpose:

Motor Fuel delivered pursuant to this representation will be used only for purposes authorized in paragraph (f) of Limitation Order L-70, with the terms of which Order the undersigned is familiar.

Legal Name of Bulk Consumer or other Person
By

Signature of Duly Designated Official

Such statement shall constitute a representation to the Director of Industry Operations and to the Supplier of such Motor Fuel that such Motor Fuel is for such use, and such Supplier shall be entitled to rely upon such representation unless he knows or has reason to believe it to be false:

(1) The operation of vehicles and boats necessary for the public health and safety, including, among others, ambulances and vehicles operated by practicing physicians, surgeons, nurses, and veterinarians, and those engaged in civilian defense activities while the area is under martial law, enemy attack, or immediate threat of enemy attack.

(2) The operation of vehicles and boats owned or operated by or in the service of Federal, state or local governments.

(3) The operation of commercial vehicles so classified by law, including cabs, and the operation of commercial boats.

(4) The operation of commercial, industrial and agricultural machinery and equipment.

(5) The operation of school buses.

(g) *Replacement for Army and Navy deliveries.* Any Service Station which makes deliveries of Motor Fuel for official use in vehicles or boats owned or operated by the United States Army or the United States Navy, which deliveries are not a normal part of such Service Station's regular business, shall be entitled to replacement from his Supplier of the amount thereof and may accept delivery of such replacement in addition to the Monthly Quota for such Service Station.

(h) *Right to obtain deliveries.* (1) A Service Station or Bulk Consumer, who has been obtaining his supplies of Motor Fuel pursuant to a regular delivery schedule, shall have the right to obtain his Monthly Quota of Motor Fuel from the Supplier, or if more than one, then proportionately from the Suppliers who sold and delivered Motor Fuel to such Service Station or Bulk Consumer during the preceding month. If a Service Station or Bulk Consumer has received deliveries of Motor Fuel during the period of 12 calendar months immediately preceding the then current calendar month from more than one Supplier pursuant to no regular delivery schedule, then the said Service Station or Bulk Consumer shall have the right to obtain the amount of his Monthly Quota of Motor Fuel proportionately from all the Suppliers who delivered Motor Fuel to him during the said 12 month period.

(2) If any Supplier does not have a sufficient quantity of Motor Fuel to supply the demands of Service Stations or Bulk Consumers to the extent that he is obligated hereunder to supply such demands, then, if he has been obtaining his supplies of Motor Fuel pursuant to a regular delivery schedule, he shall have the right to obtain the amount of such deficiency from his Supplier, or if more than one, then proportionately from the Suppliers, who delivered Motor Fuel to him during the preceding month. If he has received deliveries of Motor Fuel during the period of 12 calendar months immediately preceding the then current calendar month pursuant to no regular delivery schedule, then he shall have the right to obtain the amount of such deficiency of Motor Fuel proportionately from all the Suppliers who delivered Motor Fuel to him during the said 12-month period.

(3) Every Supplier shall be obligated to deliver Motor Fuel to other Suppliers, Bulk Consumers and Service Stations as hereinabove provided.

(4) No Supplier shall be required by contract or otherwise to deliver Motor Fuel to any other Supplier in quantities greater than are required to enable such other Supplier to deliver the Monthly Quotas and such additional replacements as are provided for in paragraph (g) hereof of the Service Stations or Bulk Consumers supplied directly or indirectly by him.

(i) *Restrictions of deliveries to violators.* No Supplier shall deliver Motor Fuel to any other Supplier, Service Station or Bulk Consumer where such Supplier knows or has reason to believe that such other Supplier, Service Station or Bulk Consumer is in violation of the terms of this Order.

(j) *Methods of distribution.* Suppliers shall deliver to Service Stations or Bulk Consumers in such a manner, so far as practicable, as to allow an even flow of supplies over the entire month: *Provided*, That on the tenth and twentieth of any month in the Curtailment Period no more than one-third and two-thirds respectively of such Service Station's or Bulk Consumer's total Monthly Quota shall have been delivered to him. Service Stations shall make deliveries into the tanks of motor vehicles in such a manner as to allow for an even disbursing of their Monthly Quota.

(k) *Service station hours of distribution.* No Service Station within the Curtailment Area shall deliver to any Persons any Motor Fuel during more than 12 hours of any calendar day or during more than 72 hours of any calendar week: *Provided*, That this paragraph shall not apply in the case of deliveries made exclusively to motor vehicles and motor boats for the uses specified in paragraph (f).

(l) *Reports.* All Suppliers in the Curtailment Area shall file the following reports:

(1) On or before the 20th of the then Current Quota Month a statement on Form PD-368, of the anticipated total deliveries of Motor Fuel to be made to Suppliers, Service Stations and Bulk Consumers, including preferential deliveries, during such month.

(2) On or before the 20th day following the end of each Quota Month a statement, on Form PD-369, of the amount of Motor Fuel delivered in each state and in the District of Columbia during such month, stating separately, direct deliveries

(i) To Federal, state and local governments.

(ii) To Suppliers for direct delivery to Federal, state and local governments, and

(iii) To Service Stations and Bulk Consumers under their Monthly Quotas.

(m) *Records.* In addition to the records required to be kept under Priorities Regulation No. 1, as amended from time to time, each Supplier or other Person receiving any representation authorized herein, shall each retain for a period of at least two years, for inspection by representatives of the War Production Board, endorsed copies of all such representations filed in such manner that they can be readily segregated for such inspection. In addition, each Supplier shall keep, thus filed, and for such other purposes as may from time to time be prescribed by the Director of Industry Operations, for a period of at least two years, accurate and complete records of deliveries of Motor Fuel, the dates of ac-

tual deliveries, and the Person and states (or the District of Columbia) involved in each delivery.

(n) *Appeals.* Any Person affected by this Order who, after he has sought an adjustment from his Supplier pursuant to paragraph (e) hereof, still considers that compliance therewith would work an exceptional and unreasonable hardship upon him, may, if he is located in any area specified in subparagraph 1 of Exhibit "A" hereof, appeal to the District Director of Marketing, Office of Petroleum Coordinator for National Defense, 122 East 42nd Street, New York, New York, or, if located in any area specified in subparagraph 2 of Exhibit "A" hereof, appeal to the District Director of Marketing, Office of Petroleum Coordinator for National Defense, 855 Subway Terminal Building, Los Angeles, California, by letter, setting forth the pertinent facts and the reasons why he considers himself entitled to relief, including specifically a statement that he has been unable to obtain a satisfactory adjustment from his Supplier and giving all information required on Form PD-367. The District Director of Marketing shall promptly investigate and consider the matter and shall seek to bring about a voluntary settlement of the controversy in accordance with the provisions of this Order. In the event that no settlement can be reached, the District Director of Marketing shall forward the appeal and record thereon, together with his recommendation, to the Director of Marketing, Office of Petroleum Coordinator for National Defense, Washington, D. C., who shall consider the appeal and transmit it, together with his recommendations thereon, to the Director of Industry Operations, who may, thereupon, take such action as he may deem appropriate.

(p) *Reports and correspondence.* All reports required to be filed hereunder and all communications concerning this Order shall, unless otherwise directed, be addressed to:

Office of Petroleum Coordinator,

(r) *Effective date.* This Order shall take effect five days after the date of issuance and shall continue in effect until revoked by the Director of Industry Operations: *Provided, however*, That no Person shall deliver or accept delivery of any abnormally large quantities of Motor Fuel between the date of issuance and

the effective date of this Order: *And provided further*, That if the effective date of this Order is not the first day of a month, the Monthly Quotas for such month shall be reduced proportionately. PART 1315—RUBBER AND PRODUCTS AND MATERIAL OF WHICH RUBBER IS A COMPONENT PART

REVISED TIRE RATIONING REGULATIONS

Suspension Order No. 1

Silverstein's Tire and Battery Service, Inc., 25 Hudson Avenue, Albany, New York is a company engaged in selling tires at retail and subject to the provisions of the Tire Rationing Regulations dated December 30, 1941 (7 F.R. 257) and the Revised Tire Rationing Regulations dated February 19, 1942 (7 F.R. 1027), both issued by the Office of Price Administration. On March 3, 1942, written charges of violations of these Regulations were served on Silverstein's Tire and Battery Service, Inc., and on George Silverstein, president of the company. A hearing on these charges was held on March 7, 1942, in Albany, New York, at which time and place there appeared a duly authorized representative of the Office of Price Administration, and George Silverstein, and Silverstein's Tire and Battery Service, Inc., through said George Silverstein. All parties introduced their evidence pertaining to such charges. Such evidence having been duly considered,

It is hereby determined that: Silverstein's Tire and Battery Service, Inc., and George Silverstein have each wilfully violated the said Tire Rationing Regulations dated December 30, 1941 (7 F.R. 257) and the said Revised Tire Rationing Regulations dated February 19, 1942 (7 F.R. 1027) through sales of new rubber tires and new rubber tubes in a manner contrary to the provisions of said Regulations.

Because of the scarcity and critical importance of rubber and rubber products, these violations of the aforesaid Tire Rationing Regulations have resulted and will result in the diversion of new rubber tires from primary defense needs into non-essential uses, in a manner contrary to the public interest and detrimental to national defense. It further appears to the Acting Administrator, on the evidence before him, that further violations of these Rationing Regulations by Silverstein's Tire and Battery Service, Inc., and by George Silverstein are likely.

It is therefore hereby ordered:

§ 1315.11 Suspension Order 1. (a) During the period in which this Order shall be in effect, George Silverstein and Silverstein's Tire and Battery Service, Inc., its successors and assigns, shall accept no deliveries or transfers of, nor in any manner receive from any source, any new rubber tires or tubes.

(b) During the period in which this Order shall be in effect, George Silver-

stein and Silverstein's Tire and Battery Service, Inc., its successors and assigns, shall accept no purchase orders, nor enter into any contracts or commitments, for the sale or delivery of any new tires or tubes, nor in any manner sell, transfer or deliver any new rubber tires and tubes to consumers thereof, unless and until such consumers obtain proper authorization to receive the same under the Revised Tire Rationing Regulations (§§ 1315.151 to 1315.1199, inclusive).

(c) During the period in which this Order shall be in effect no person, firm or corporation shall sell, transfer, or in any manner deliver any new rubber tires or tubes to George Silverstein or Silverstein's Tire and Battery Service, Inc., its successors or assigns, regardless of whether such tires or tubes have been previously purchased and completely paid for.

(d) This Order shall take effect immediately and, unless sooner terminated, shall expire at midnight of June 30, 1942. (E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8734, Apr. 11, 1941, 6 F.R. 1917; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; E.O. 9024, Jan. 16, 1942, 7 F.R. 329; E.O. 9040, Jan. 24, 1942, 7 F.R. 567; O.P.M. AMENDMENT NO. 2 TO REVISED TIRE RATIONING REGULATIONS¹—TIRES AND TUBES, RETREADING AND RECAPPING OF TIRES, AND CAMELBACK

Two new sections, §§ 1315.805a and 1315.1199a, are added as set forth below:

Transfers and Deliveries of New Tires and Tubes, Retreaded or Recapped Tires, and Camelback

§ 1315.805a *Allotment of camelback to retreaders and recappers on and after March 17, 1942.* (a) Any person engaged in retreading or recapping tires who is not a maker of camelback and who owns or operates molds or curing tables capable of retreading simultaneously two or more tires 7.50-20 or larger may apply between March 17 and April 1, 1942 to the Board servicing the area in which his principal office is located for authorization to purchase 750 pounds of camelback for each such mold or curing table which he owns or operates.

¹ 7 F.R. 1027, 1089.

(b) Any person engaged in retreading or recapping tires who is not a maker of camelback and who owns or operates molds or curing tables equipped with matrices which make possible the retreading or recapping of truck tires 5.50-17 and 30 x 5 or larger, but which cannot retread or recap tires 7.50-20 or larger, may apply between March 17 and April 1, 1942 to the Board servicing the area in which his principal office is located for authorization to purchase 300 pounds of camelback for each such mold or curing table which he owns or operates.

(c) An applicant for an allotment of camelback as provided for in paragraphs (a) and (b) of this section who has not previously applied for an initial allotment of camelback under § 1315.805, or who made such an application but was denied an allotment, shall fill out O. P. A. Form No. R-9, omitting item 11 and attaching to the Form a supplementary statement showing:

(1) The number of retreading or recapping machines which he possesses capable of retreading or recapping more than one tire at a time, and the location of each of these machines; and

(2) The number of molds or curing tables equipped with matrices which make possible the retreading or recapping of truck tires 5.50-17 and 30 x 5 or larger, and the location of each of these molds or curing tables.

An applicant who has previously filed an application for an initial allotment of camelback, and has secured an allotment on the basis of such application must file only the supplementary statement referred to immediately above, with the same Board with which he filed O. P. A. Form No. R-9. The supplementary statement shall have upon its face a certification signed by the applicant in the same language as the certification shown in item 12 of O. P. A. Form No. R-9.

(d) Upon receiving an application, between March 17 and April 1, 1942 by a retreader or recapper who is not a maker of camelback, for authorization to purchase an initial allotment of camelback, the Board shall satisfy itself that the applicant has properly executed his application including all the agreements therein contained and that all the facts stated in the application are true.

If the applicant was granted authorization to purchase an initial allotment of camelback on the basis of an application submitted on or before March 1, 1942, the Board may make the following additional allotments of camelback on O.P.A. Form No. R-10: 750 pounds of camelback for each mold or curing table listed in Part 1 of the supplementary statement, and 300 pounds of camelback for each mold or curing table listed in Part 2 of the supplementary statement.

If the applicant had not filed an application for an initial allotment of camelback on or before March 1, 1942, or if he filed such an application but was denied an allotment, the Board may authorize an allotment equal to the amount which

the applicant would be entitled to purchase on the basis of his supplementary statement, minus an amount equal to the excess of the total number of pounds of camelback owned or controlled by the applicant as of midnight February 18, 1942, over the maximum number of pounds of camelback which the applicant was entitled to purchase as of March 1, 1942 (item 10 minus 9 of O.P.A. Form No. R-9). Where Item 9 exceeds Item 10, no subtraction shall be made nor shall an additional allotment be authorized for this difference.

If the Board determines that an application should be granted either wholly or in part, it shall note upon such application the amount of camelback which the applicant was authorized to purchase and the serial number of the certificate or certificates issued. After acting upon the application the Board shall notify the applicant of its decision. In cases where the Board authorizes an applicant to purchase an initial allotment of camelback, the Board shall immediately issue to such applicant a certificate on O. P. A. Form No. R-10.

(e) The provisions of paragraphs (d) to (g) inclusive, of § 1315.805 shall apply to the allotment of camelback authorized under this § 1315.805a.

Bituminous Coal Division.

[Docket No. B-222]

IN THE MATTER OF FRED NOETH, REGISTERED DISTRIBUTOR, REGISTRATION NO. 6880

NOTICE OF AND ORDER FOR HEARING

The Bituminous Coal Division (the "Division") finds it necessary in the proper administration of the Bituminous Coal Act of 1937 (the "Act") and the Bituminous Coal Code (the "Code") promulgated thereunder to determine

A. Whether or not Fred Noeth, Registered Distributor, Registration No. 6880, (hereinafter sometimes referred to as the "Registered Distributor"), whose address is 2808 East 25th Street, Granite City, Illinois, has violated any provisions of the Act, the Code, and orders and regulations of the Division, including the Marketing Rules and Regulations, Rules and Regulations for the Registration of Distributors, and the Distributor's Agree-

ment (the "Agreement") dated October 14, 1940, and filed by Fred Noeth pursuant to Order of the Division dated June 19, 1940 in General Docket No. 12, and more particularly whether or not subsequent to September 30, 1940 said registered distributor:

1. During the period October 1, 1940, to January 31, 1941, both dates inclusive, accepted and retained discounts from the effective minimum prices of coal purchased for resale from various code member producers and resold, to Christ Noeth, an individual, doing business under the name and style of Noeth Ice and Coal Company, 2808 East 25th Street, Granite City, Illinois, a retailer, as follows:

(a) 355.51 net tons of 1½" screenings coal purchased from and produced by the Carbon Coal Company, R. F. D. #2, Collinsville, Illinois, a code member, at its Glen Carbon Mine, Mine Index No. 1042, located in District 10;

(b) 4651.25 net tons of lump, egg, nut, and 1½" screenings coal purchased from and produced by Sunset Hill Coal Company, R. F. D. #4, Edwardsville, Illinois, a code member, at its Sunset Hill Mine, Mine Index No. 1051, located in District 10;

(c) 2293.44 net tons of 1½" screenings coal purchased from and produced by Sugar Loaf Coal Corporation, R. F. D. #2, Collinsville, Illinois, a code member, at its Sugar Loaf Mine, Mine Index No. 1049, located in District 10;

although at the time of said transactions the registered distributor was under the control, financial or otherwise, of said Christ Noeth, resulting in violations of § 304.19 (c) of the Rules and Regulations for the Registration of Distributors and paragraph (h) of the Agreement.

2. Accepted and retained the discounts in the transactions referred to in paragraph A 1 hereof, notwithstanding no service of value was rendered to said code members in said transactions and although said transactions were entered into primarily for the purpose of unjustly enriching the registered distributor and, when except for the incidence of section 4 II (h) of the Act said Christ Noeth would have purchased such coal direct from said code members, resulting in violations of paragraph (g) of the Agreement.

3. Accepting and retaining distributor's discounts on the coal referred to in paragraph A 1 hereof, although such coal was not purchased for bona fide resale, resulting in violations of Paragraph (d) of the Agreement.

4. Accepted and retained discounts on the transactions referred to in paragraph A 1 hereof when said registered distributor was in fact or in effect an agency or instrumentality of said Christ Noeth, resulting in violations of section 4 II (i) 12 of the Act, Rule 12 of Section XIII of the Marketing Rules and Regulations and Paragraph (c) of the Agreement.

B. Whether or not the registered distributor, in the Application for Registration

with the Bituminous Coal Division of the Department of the Interior as a Distributor of Bituminous Coal filed by said distributor with the Division on July 5, 1940, made false or misleading statements or failed to state material facts affecting said application as follows:

(1) Represented that during the year 1937 as a distributor (wholesaler) said registered distributor had obtained or purchased from the Sunset Hill Coal Corp., Edwardsville, Illinois, a producer, 7,350 net tons of bituminous coal, Truck Trade Coal Company, Inc., Edwardsville, Illinois, a producer, 4,750 net tons of bituminous coal, and P. H. Coal Company, Granite City, Illinois, a sales agent, 250 net tons of bituminous coal, (page 3 of said application)

(2) Represented that during the year 1938 as a distributor (wholesaler) said registered distributor had obtained or purchased 9,700, 8,600 and 300 net tons of bituminous coal from said parties, respectively, (page 4 of said application)

(3) Failed to state that no tonnage had been purchased or obtained by said distributor during the years 1937 and 1938 either as distributor, sales agent, retailer, dock operator, or otherwise, (pages 3 and 4 of said application) resulting in a violation of § 304.11 (c) 5 of the Rules and Regulations for the Registration of Distributors.

C. Whether or not the registration of said Fred Noeth should be revoked or suspended or other appropriate penalties should be imposed.

It is therefore ordered, That a hearing pursuant to § 304.14 of the Rules and Regulations for the Registration of Distributors, to determine whether or not the aforementioned Fred Noeth has committed violations in the respects heretofore described and whether or not the registration of said distributor should be revoked or suspended, or other appropriate penalties be imposed, be held on April 17, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Coronado Hotel, St. Louis, Missouri.

It is further ordered, That Joseph D. Dermody or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said Fred Noeth and to all persons and entities having an interest in such proceeding.

Notice is hereby given that answer setting forth the position of the aforementioned Fred Noeth with reference to the

matters hereinbefore described, must be filed with the Bituminous Coal Division at its Washington Office or with any one of the field offices of the Division, within twenty (20) days after date of service hereof on Fred Noeth and that failure to file an answer herein within such period, unless the presiding officer shall otherwise order, shall be deemed to be an admission by Fred Noeth of the commission of the violations hereinbefore described and a consent to the entry of an appropriate order thereon.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged herein, other matters incidental and related thereto, whether raised by amendment, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Dated: March 13, 1942.

PETITIONS OF THE CITY OF CINCINNATI AND THE BOARD OF EDUCATION OF THE CITY SCHOOL DISTRICT OF THE CITY OF CINCINNATI FOR AN ORDER ESTABLISHING FREE ALONGSIDE PRICES AND OF THE COUNTY OF HAMILTON, OHIO, FOR THE ESTABLISHMENT OF FREE ALONGSIDE PRICES

MEMORANDUM OPINION AND ORDER REOPENING HEARING IN DOCKET NO. A-337, ORDER OF CONSOLIDATION AND ORDER POSTPONING HEARING

Pursuant to a motion filed by the City of Cincinnati (the "City") and the Board of Education of the City School District of the City of Cincinnati (the "Board"), the hearing in Docket No. A-289 was reopened by an Order dated February 9, 1942, for the reasons and to the extent set forth therein. The County of Hamilton (the "County") has filed a similar motion requesting that the proceeding in Docket No. A-337 be reopened for the same purposes and to the same extent.

As set forth in the Examiner's Report, which was adopted by the Director in his Opinion and Order of September 20, 1941 in Docket Nos. A-89, A-289, A-337, A-352, A-352a, A-539, and A-540, the City, the Board, and the County purchase their coals from the same source and under the same conditions. For these reasons, it appears that the motion of the County should be granted and that this matter should be consolidated with Docket No. A-289 for the purpose of such reopened hearing.

It is therefore ordered, That the proceeding in Docket No. A-337 only be, and the same hereby is, reopened for the same purposes and to the same extent as the proceeding in Docket No. A-289 has been reopened by Order therein dated February 9, 1942, and that Docket No. A-289 be consolidated with Docket No.

A-337 for the purpose of such reopened hearing.

It is further ordered, That the consolidated hearing be postponed from March 16, 1942 to 10 o'clock in the forenoon of March 30, 1942. On such day, the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That in all other respects the Memorandum Opinion and Order Reopening the Hearing dated February 9, 1942, shall remain in full force and effect.

Dated: March 14, 1942.

[Docket No. A-36 Part III]

PETITION OF DISTRICT BOARD NO. 11 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE DITNEY HILL MINE (MINE INDEX NO. 115) OF THE INGLE COAL COMPANY

MEMORANDUM OPINION AND ORDER EXTENDING TEMPORARY RELIEF

This proceeding was instituted upon the petition, as amended, filed with the Bituminous Coal Division on October 11, 1940, by District Board 11, pursuant to Section 4 II (d) of the Bituminous Coal Act of 1937. The Board in its petition requested the establishment of price classifications and minimum prices for the coals of the Ditney Hill Mine (Mine Index No. 115) of the Ingle Coal Company, a code member in District 11.

Pursuant to Orders of the Director and after notice to all interested persons, hearings in this matter were held on January 29, 1941, July 2, 1941, and September 18, 1941, before duly designated Examiners of the Division. All interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. District Board 11 appeared. The preparation and filing of the report by the Examiner was waived.

By Order, dated October 17, 1941, the Director established permanent price classifications for the coals of the Ditney Hill Mine. However, in view of the facts that the raw screenings produced at the Ditney Hill Mine appeared to be an inferior quality, that dedusting equipment had been installed on August 22, 1941, in an effort to enhance their marketability, and that the ability of this equipment to improve the quality of the screenings was still unknown, the Director found that, as a temporary measure, minimum prices for dry dedusted screenings in Size Groups Nos. 26 and 27 should be established for a period of 90 days from the date of the Order at prices 10 cents per ton less than the established minimum prices for the same sizes of coal produced in other mines producing Standard Fifth Vein coals. The Director stated that the purpose of this was to afford District Board 11 an opportunity to study the effect of the use of the dry dedusted

screenings produced at the Ditney Hill Mine and determine whether it cares to propose new prices for those coals.

On December 29, 1941, District Board 11 filed a motion to extend the temporary relief granted in the Order of October 17, 1941. Thereafter, the Acting Director, by an Order dated January 14, 1942, amended the Order of October 17, 1941, by extending the temporary relief from a period of 90 days to a period of 150 days.

On March 5, 1942, District Board 11 filed a motion to extend this temporary relief for an additional 60 day period, alleging, *inter alia*, that because the method employed at the mine to dedust screenings has recently been changed, the District Board is of the opinion that the dry dedusted screenings currently being prepared are not representative of the product that will be produced under normal and efficient operation.

It appears to the undersigned that a reasonable showing of necessity has been made and that the relief requested should be granted. However, it should be noted that the relief herein is being granted with the understanding that it will probably constitute the last such extension of time during which the District Board shall have the opportunity to propose new prices for the coals in these size groups.

Now, therefore, it is ordered, That the Order granting relief entered herein on October 17, 1941, be and is hereby amended by striking therefrom the words "provided, however, that the prices established for Size Groups Nos. 26 and 27 shall be reduced 10 cents per ton for a period of not more than 150 days from the date of this Order" and substituting in lieu thereof the following: *Provided, however*, That the prices established for the Size Groups Nos. 26 and 27 shall be reduced 10 cents per ton for a period of not more than 210 days from October 17, 1941."

It is further ordered, That Supplement R, annexed to and made part of the Order dated October 17, 1941, be and it is hereby amended by striking therefrom the words, "Size Groups 26 and 27 shall be reduced 10 cents per ton for a period of 150 days only commencing with the effective date of this Order" and by substituting in lieu thereof the following: "Size Groups 26 and 27 shall be reduced 10 cents per ton for a period of 210 days only commencing October 17, 1941."

Jurisdiction is hereby retained to enter any further Order with respect to said coals during or subsequent to said 210-day period beginning October 17, 1941.

Dated: March 14, 1942.
